Convocation Ceremony

Graduands' Pledge

We the graduates and post-graduates of the Jaihind College of Engineering hereby pledge that we shall,in thought, word and deed ever endeavour to be scrupulously honest in the discharge of our duties, that in all circumstances, we shall uphold the dignity and integrity of our profession and the honour of our Institute and the nation and that we shall devote all our energies to promote the unity and secular ideal of our country and utilise our knowledge in the service of our nation and society.

The institute has stated quality policy. It is prepared after discussion with the Top Management, Principal, Heads of Department and faculties to achieve Vision and Mission of the institute.

The institute undertakes various activities to fulfil the quality policy.

Various committees are formed by the Principal. These committees conduct and monitors the activities scheduled.

Vision

Contribute to socio-economic development of the nation by imparting "High Quality Technical Education" to the students of rural background in the country.

Mission

Realize the dream of building a great nation through development of rural students in a healthy environment of highly qualified faculties and boosting up their technical skills by providing excellent knowledge of engineering fundamentals and the best education in the country.

Core Values

- **Focus on Students:** Inspire students to become innovators, leaders and positive contributor to nation.
- **Excellence:** Continually improve and adopt best practices.
- **Team Work:** Encourages staff and Volunteers to work together. Be Collaborative and partner with organization.
- **Discipline:** Maintain the discipline amongst the students.
- **Equality:** Everyone is appreciated and judged based on their contribution and Performance rather than gender, religion, physical ability and sexual identity and socio-economic conditions.

Quality Policy

We at JCEI's Jaihind College of Engineering Kuran are committed to offer advanced and best Technical Education to Engineering students by involving stake holders and professionals in actualizing our Vision of Academic Excellence. Achieve a quality in the entire field of educational activities through monitoring, reviewing information about determined external, internal issues by addressing risk, opportunities and taking action on it. Enhance the competencies and soft skills of faculties and students through continual improvement in quality management system with providing real time Information and training by measuring & analyzing our objectives & mission.

Enviornmental Policy

JCEI'S Jaihind College of Engineering providing education as per Savitribai Phule Pune University is committed towards protection of environment by -

- **Minimizing our impact on environment through pollution prevention\ Conservation of natural resources and continual improvement.**
- **Provide suitable environment awareness training to office staff, teachers, students, supplier and society.**
- **Continually seeking to improve responsible management and efficient usage of energy.**
- **Reviewing opportunities and implement measure to reduce waste generated by college and minimizing any environmental by its responsible disposal.**
- **Ensuring compliance with legal as well as other requirement.**
- **Establishing and reviewing environmental objectives and target periodically to ensure the better environmental performance through pro-active continual improve activities.**

Goals

The institute has a perspective plan for continuous development of the institute.

- Permanent affiliation by SPPU.
- Improving the number of MOU's with renowned educational institutes, industries, national and international organization.
- Accreditation by national/international organization.
- Internal revenue generation through consultancy by using available resources of institute.
- Social transformation and up-liftment of rural masses through the Technical Education.
- Enhance the Academic excellence

Objectives

The objectives of our institute are as follows-

- To enhance industry-institute interaction.
- To strive hard for academic excellence.
- To achieve maximum placement.
- To create good engineers to serve nation.
- To explore, experiment, adopt and follow, best practices in teaching and facilitate on environment for self-learning & develop lifelong learn ability.

Action and Outcome-

Action-

- Institute has successfully executed MoU with India's most renowned engineering Institute "College of Engineering, Pune (COEP)". It involves student exchange, faculty exchange, evaluation process, to establish / develop laboratories, research centre, supervise M. Tech., / Ph.D. students in either Institutes, training to faculties and students, collaborative R&D work/R&D Projects self-generated or Industry sponsored, jointly paper publication, sharing journal and information through e-library, develop hardware and software, etc.
- Institute has successfully executed MoU with KONGO Educational Services to deliver uniquely tailored, systematic contents required for civil services examinations like GATE, IES, etc. Virtual class is set up to provide live lectures to the students with interactive video conference system. Students are encouraged and looking satisfied with this activity.
- Institute is certified by ISO 9001:2015 QMS standards as well as ISO 14001:2008 EMS standards.
- Institute has signed MoU with Sub-Division, Junnar (Revenue Department of State Government) for Third Party Audit of projects developed under "Jalyukt Shivar", announced by Government of Maharashtra.
- The institute is adopted two nearby villages and conducts various social activities periodically through the NSS unit and conducts special Winter Camp to develop the village.
- Institute has consistent academic result since the first pass-out batch in which four students are ranked in university merit list.

Outcome-

- Through MoU signed with College of Engineering, Pune; faculties from CoEP are involved in academics of the Institute to deliver special guidance related to curriculum. Also groups of final year students are identified and involved in the ongoing projects.
- Final Year students are getting benefits through the online GATE coaching classes provided by KONGO Educational Services.

Institute has audited 141 projects developed under "Jalyukt Shivar" program and handed over the audit reports to the competent authority.

Facilities

Hostel
