

Technophilia 2K24

On March 15, 2024, third-year students from the AIDS Department— Sanjoyt Basaraf, Shreedhar Vharambale, Shweta Jadhav, and Siddhesh Rokad ,competed in an event at Jaihind Polytechnic, Kuran. The competition featured a diverse range of participants and challenged their skills and creativity. Demonstrating exceptional teamwork and expertise, the team secured third place, marking a significant achievement. Their success reflects their commitment, preparation, and the ability to perform under competitive pressure. This accomplishment not only underscores their individual capabilities but also highlights their effective collaboration. Winning 3rd prize is a notable recognition that positions them well for future endeavors in their

academic and professional careers. The experience gained from participating in such a high-profile event will undoubtedly contribute to their growth and open doors for further opportunities.
