Respected Sir,

Greetings for the day,

As per our telephonic discussion, I have worked out the fees for 20 no of students registered for ETABS & SAFE Structural Software course explained as **"Learning&Industrial Application of Structural Software"(LIASS)**. The basic fees for the course will be 4000/- per student.

The above quoted fees are net amount per student which includes training charges only. They do not include anyother sort of taxes. I have also attached the detailed *"Syllabus"* and *"Other Activities"* included in the workshop. Other activities are designed such that the students will have fine hand on modeling and interpretation of results and practical exposure. Please let us know for further formalities.

Thanking you in anticipation

  - F. A Taluka Map showing all work/project site locations.
2. SELECTION OF SITES TO BE VISITED : Once the Consultancy Agency has the above details, the Agency will group the works cost-wise, and select the works/sites to be evaluated in the percentage/proportion given below. The percentage/proportion are applicable to works (mentioned below in the table) in a Taluka :

Work	Sites to be visited as Percentage of total sites in a Taluka.
------	---

All works (i)Soil & Water Conservation, (ii)MIS Works, and (iii)Forest Deptt Works, (iv)WSS Works.	
1). Up to Rs. 10.0 lakhs <sup>2</sup> (including)	10 %
2). Above Rs. 10.0 Lakhs up to 20.0 Lakhs(including)	
2.a). CNB	All sites
2.b). Other sites.	All Sites
3). Above Rs. 20.0 Lakhs	All sites

Overall, the Consulting Agency will adopt following approach in selecting the sites :

- a). Visit to Each Village : The Consultancy Agency will visit each village under the Programme in the Junnar taluka. In other words, at least one work/project (within the selection given above) will be selected from each village under the Programme.
- b). Importance to Works : First, the Agency will sort the list received from the Sub Divisional Magistrate taluka-wise, and cost wise. And then apply the above percentage/proportion in selecting the works for evaluation. The Agency will take care to select at least one work of different types from each Village Due to this, the taluka-wise sites may exceed to some extent above the applicable percentage/proportion, mentioned above.
- c). Completed Works : Completed works will be visited on priority.

In view of the nature of the works, spread-up of the area, construction stage, expectation/need to cover all villages, type of works etc., the random sampling will not suite to the selection of sites/works/projects to be visited.

Once the list of works to be evaluated, is finalised, the Agency will present the same to the Collector and discuss the same with him.

3. DATA REQUIRED FOR EACH WORK/PROJECT SITE TO BE VISITED : The Agency will request the Implementing Agencies through the Sub Divisional Magistrate, to provide photo copies of following documents for each selected work/project for the evaluation of quality, under the Programme :

- A. Order of Administrative Approval.
- B. Survey/Investigation details, Design notes (if any), Plans & Estimates and the Technical sanction for the same.

<sup>2</sup>These are the administratively approved amounts.

- C. Work order to the contractor and details of the "Defect Liability Period", extension granted for the period for the completion of construction etc.
- D. Work order book, important letters, demands etc.
- E. Letters regarding Material Testing, and Test results<sup>3</sup>, rejection etc.
- F. Photographic data, if any.
- G. Copies of the all bills, saving & excess statement, notings of total payment including release of the retention amounts, completion certificate etc.
- H. Other correspondence regarding the work such as Inspection Notes & compliance; if any, Objections/Complaints; if any, Changes made in the Components of the works/projects, approval to the same etc.

This is the initial list for documents, which will be updated by the Consulting Agency, as the evaluation work progresses. These documents can be given in lots of works/projects by the Implementing Agency, which can be decided from time to time in the meetings between the Sub Divisional Magistrate &/or and the Implementing Agencies and the Consulting Agency.

Following are the other documents, which the Consulting Agency will require from the Implementing Agencies in due course of the assignment :

- A. Soft copy of the typical tender document for different type of works.
- B. Set of Specifications applicable for different type of works.
- C. Files of Govt and Implementing Agencies' orders, circular, regarding designs, construction procedures etc.

The Consultancy Agency will finalise the set of its data collection tools for the projects. The tool will be designed considering various types of work and their requirement.

4. SITE VISIT PROGRAMME : Once the Consultancy Agency has above data, it will chalk out the programme for site visits, which will depend on various factors already mentioned in this section above at "2.2", and also on other factors such as (i) construction stage of work, (ii) total works in the village and surrounding area, (iii) season/weather condition etc.
  - A. The Consultancy Agency will study the project/work files of Implementing Agencies on the background of the photocopies already provided by Implementing Agencies. Such study will be done before the actual visit. If any additional documents will be required from the files, it will request the

<sup>3</sup>The material and mixture testing etc. will be carried out by the Implementing Agency, as per the procedure set and/or as given in the tender documents, and/or manuals and/or as per the various standards applicable. The Consultancy Agency will not carry out any actual testing of material and mixtures etc.

Implementing Agency after the study. These files will be returned to Implementing Agency. after the site visit.

- B. For site visit, the Implementing Agency will direct the concerned Sectional/Assistant Engineers to accompany the team of Consultancy Agency. However, if he is busy, other knowledgeable member of the concerned sub-Dn should accompany the Agency during the site visit. Such other member may be Engineer, Civil Engineering Assistant, *Mile Karkoon*, draughtsman, tracer etc. or on similar post/s in the other departments.

### 5. OTHERS

- A. The Consultancy Agency will deploy the team of trained man power for visit and inspect the works.
- B. The Consultancy Agency will tabulate the observations for all works for various items.
- C. The Consultancy Agency will present a consolidated report for all projects together. The report will cover various aspects Technical Financial and Training needs of the project staff<sup>4</sup>.
- D. The whole purpose of exercise is to focus attention on outcomes instead of outputs.
- E. Timely completion of the assignment depends on timely availability of (a)documents from the Implementing Agencies and (b)availability of officers to show the sites.

### 3. Output:

The Consultancy Agency will present a consolidated report for all works/projects together. The report will cover various aspects Technical Financial and Training needs of the project staff.

The Consultancy Agency will make available three hard copies of the report in English<sup>5</sup>, with equal no. of Executive Summary in Marathi as well as in English. The Executive Summary will be a single report covering comments in general on all type of works for taluka.

The work/project-wise photos will be given on a CD which will be the part of the report. A soft copy of the report will also be made available on CD.

<sup>4</sup>This will be based on the discussions on the site with the field officers.

<sup>5</sup> Original documents of the works/projects (such as design, plans & estimates, specifications, tender documents etc.) are English. So the main report of the Consultancy Agency will be in English.

Necessary presentations will be made to the Sub Divisional Magistrate. To the possible extent, the main part of the presentation will be in Marathi, except technical issues.

**4. Responsibilities of the (i) Sub Divisional Magistrate as a Chairman, Jalyukt-Shiwar Abhiyaan Taluka Committee, Junnar; (ii) Implementing Agencies and (iii) the Consultancy Agency :**

As mentioned in Methodology, making available in time, various lists and documents by various Implementing Agencies is the prime responsibility of the two units/agencies mentioned at (i) & (ii) above, for smooth completion of the assignment. And after getting the documents and Implementing Agencies' Personnel for site visits, completing notes on works/projects accordingly (and subsequently the Evaluation Report) are the responsibility of the Consultancy Agency.

**5. Total Fee/Consultancy Fees & Mode of Payments for the Study:**

The Consultancy Agencies fees for the assignment under this MoU will be 0.35 percent (point fifty five percent only) of the sanctioned amount of the projects/works or the cost as per execution whichever is higher. This rate will be valid for the period from 01.06.2015 to 31.05.2016. These fees do not include the costs incurred on the laboratory tests etc., which will be reimbursed by the Collector / Sub Divisional Magistrate to the Consultancy Agency, on receipt of the claim. For the projects/works for which more than one visit is desired, the fee will be worked out on the basis of above percentage for each visit separately.

The above fees will be applicable, for any new list of works/projects having the combination/proportion of small and big works, similar to that one being considered for the Programme.

No taxes are included in fees of the Consultancy Agency, so taxes such as service tax etc. will be charged in the Agencies bills as per the prevailing norms/rates etc. The Agency will claim the all taxes in its last bill.

All the payments will be made to the Consultancy Agency by the Collector / Sub Divisional Magistrate within a fortnight from the date of the bill.

**6. Force Majeure:**

It will not be treated as default in performance of the obligations under this agreement if such performance is prevented or delayed by events such as, but not limited to war, hostilities, revolutions, riots, civil commotion, strikes, lockouts, conflagration, epidemics, accidents, fire, wind, floods, droughts, earthquake or because of any other cause beyond

the reasonable control of the parties affected, provided notice in writing of any such cause (with necessary evidence/documents etc) that the obligations under the MoU is affected or prevented or delayed is given within 30 days from the happening for the event and in case it is not possible to serve the notice within the said 30 days period, then within the shortest possible period without delay.

As soon as the cause for Force Majeure is removed, the party whose ability to perform its obligation has been affected will notify the other of such cessation of the actual delay incurred thereof. From the date of occurrence of a case of force majeure, obligations of the party affected shall be suspended during the continuance of any liability so caused, until the cause itself and the liability resulting there have been removed and the agreed time of completion of the respective obligations under this contract shall stand extended by a period equal to period of delay occasioned by such events.

Should one or both parties be prevented from fulfilling the contractual obligations by a state of force majeure lasting for a period of six months or more, than the two parties shall consult each other and decide regarding the future execution of this MoU/contract.

**7. Termination of Services :**

The Collector / Sub Divisional Magistrate reserves the right to terminate this MoU/Agreement with one month's prior notice. In such case, fees/amount payable to Consultancy Agency shall be determined on the basis of completed work. No other claims from the Agency will be entertained by the Collector / Sub Divisional Magistrate and the decision of the Collector / Sub Divisional Magistrate on the consultation fees shall be final and binding on Consultancy Agency.

**8. Arbitration :**

In case of any dispute in execution of the work, or interpretation of any conditions of the MoU, the parties can mutually decide to appoint an Arbitrator under the provisions of Arbitration & Conciliation Act 1996, and the decision of the Arbitrator shall be final and binding on both the parties.

**9. Property of the Collector / Sub Divisional Magistrate:**

All documents and reports prepared and delivered to the Collector / Sub Divisional Magistrate under this MoU while rendering the Services shall become the property of the Collector / Sub Divisional Magistrate. The Institute will in no way be liable to any defect, damage or loss thereof, once the same has been delivered to the Collector / Sub Divisional Magistrate by the Consultancy Agency.

10. Confidentiality :

All documents and reports prepared and delivered to the Collector under this agreement shall be treated as confidential.

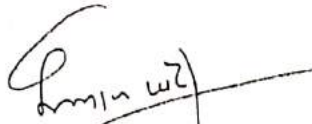

11. Amendments to Agreement :

Any amendment to extension of this MoU, in order to be valid, will be in writing and signed by all parties hereto.

IN WITNESS WHEREOF, the parties hereto have caused this MoU/Agreement to be executed the day and year first hereinabove mentioned.

Established in the year 2010, affiliated to Savitribai Phule Pune University, Pune, situated at Kuran. The college is a leading college of Engineering with an objective of providing quality education. The college has been started with a vision to build technology professionals with a practical Industry exposure to be readily deployable in the Industry.

This MOU is between SPARKBIZZ TECHNOLOGY and College, with a primary objective of "Industry - Educational Institutional Interface" on continuing basis for mutual cooperation and benefit for achieving a harmonious blend of strong points from both sides. This MOU covers the following functions paving way for the institute-industry link.

REGD OFFICE

BagrejaHudco Colony, Near Rajy Gandhi Pathsanstha, Delhi Gate, Ahmednagar-414001 (MH)

Following are the areas where we propose to work together to achieve the objectives:

### **SPARKBIZZ TECHNOLOGY**

SPARKBIZZ TECHNOLOGY, the pioneers in conceptualizing a unique incubation program aimed at bridging the gap between Industry and Academics by building Industry Ready Engineering Workforce, would like to work in collaboration with COLLEGE to further benefit the Final year Engineering students and act as a stepping stone for their bright careers.

The Programme includes **PROJECT INTERNSHIP** which fulfils the academic requirement of Third Year and Final year engineering students. Joint monitoring will be done for the regular development of the students' projects by SPARKBIZZ TECHNOLOGY from time to time by Internal Guide as mutually agreed by both the parties.

#### **1.1 ADJUNCT COURSES:**

- a) The foundation laid down in the academic curriculum has to be complemented by certain application oriented programs which can impart further practical understanding. Based on the feedback from leading Academicians and Industry leaders, SPARKBIZZ TECHNOLOGY has modeled certain long term programs to be embedded and run parallel to the existing curriculum of the Engineering students. The objective of these **ADJUNCT COURSES** is to provide the students an opportunity to learn and practice the most updated technologies relevant from Industry point of view. Each of these course curriculums have been modelled on international standards with certification and Assessment by Industry Mentors.
- b) The **ADJUNCT COURSES** to be run in high-end areas like Embedded Systems considering 8051, AVR, and PLC Hands on Programming shall be concluded with **MINI PROJECTS** to further make the student hands-on with the topic.
- c) The requisite **COURSEWARE** and **PARTICIPATION CERTIFICATE** on the proposed courses (covering both Theory and Practical) will be made available to the students by SPARKBIZZ TECHNOLOGY
- d) The fee structure will be decided on course- to -course basis.
- e) A revenue share model will be worked out in association with the COLLEGE based on the course.
- f) The certification will be done jointly by SPARKBIZZ TECHNOLOGY and COLLEGE

#### **1.2 TECHNOLOGY TRANSFER FORUMS**

a) SPARKBIZZ TECHNOLOGY intends to organize **Technology Seminars and Workshops** under the **"TECHNOLOGY TRANSFER FORUM: Recent Trends In Embedded & PLC Systems"**, on a regular basis in association with the college to provide student community latest happenings in the IT world.

b) The **TECHNOLOGY TRANSFER FORUM** will be run in association with respective departments of the College.

#### **1.3 GUEST FACULTIES**

a) SPARKBIZZ TECHNOLOGY, In association with COLLEGE, shall arrange for seminars/Guest lecturers from Industry professionals/HR/Placement Agencies/Technology vendors to interface the students with Global industry trends.

1. The cost incurred (if any including Travel / accommodation etc.) for conducting such seminars will be borne by COLLEGE

#### **1.4 FACULTY TRAINING**

- a) SPARKBIZZ TECHNOLOGY would provide necessary training as an ongoing process on varied Leading edge Technologies and other relevant areas to the faculties /Lecturers /Professors of the College and affiliated Campuses. Senior trainers with vast Industry experience will conduct the training
- b) SPARKBIZZ TECHNOLOGY will charge for such training per participant
- c) COLLEGE will bear the expenses of their participants' Travel, Lodging and Boarding expenses during Training period

## **1.5 INTELLECTUAL PROPERTY DEVELOPMENT**

- a) SPARKBIZZ TECHNOLOGY may time to time assign research and product development in collaboration with college to create Intellectual Property. A joint team comprising members of SPARKBIZZ TECHNOLOGY and COLLEGE shall work in Collaboration to accomplish the goals of the projects. The Certificate programs will be run in association with the COLLEGE
- b) The modalities of this will be discussed and finalized after consultation with college.

## **1.6 ACADEMIC CONSULTANTS**

- a) SPARKBIZZ TECHNOLOGY welcomes Academic consultation from COLLEGE in areas of mutual agreement. The college faculties are invited to extend their consultation to regular development work at SPARKBIZZ TECHNOLOGY.
- b) The consultation fee for participating COLLEGE experts will be discussed and finalized after consultation.

## **1.7 PARTICIPATION OF SPARKBIZZ TECHNOLOGY TEAM IN RVR& JC BOARD OF STUDIES DEVELOPMENT MEETINGS**

- a) SPARKBIZZ TECHNOLOGY will extend necessary expertise and Industry information to COLLEGE in further Development of the students and necessary up-gradation of lab equipment and Electronic centres etc.

## **1.8 PLACEMENT ASSISTANCE**

- a) The job assistance will be given depending upon the current status of requirement of market in industry. SPARKBIZZ TECHNOLOGY will not give full assistance of Job.

## **VALIDITY**

The agreement is valid for a period of **Three years** with effect from the date of signing of the agreement and may be renewed after that period, incorporating mutually agreeable modifications, if any thereafter. The agreement cannot be withdrawn in the middle of the course, currently in progress.

## **FORCE MAJEURE**

Neither party shall be liable for nonperformance either in whole or in part of this agreement due to reasons unforeseen and beyond its control. These reasons shall include and be limited to strikes, lockouts, nationalization, acts of God, war and fire. ## Memorandum of Understanding

### Analog Teaching Lab Setup at Jaihind College of Engineering, Kuran

This memorandum of understanding is signed on the Thursday day of 29<sup>th</sup> May, 2014, between the following institutions:

- a. Edgate Technologies pvt. Ltd. which is the University Program Partner of Texas Instruments India
- b. Jaihind College of Engineering, Kuran

This Memorandum of Understanding is proposed in order to establish a teaching lab facility in the area of Analog System Design at Jaihind College of Engineering, Kuran With help from Edgate Technologies pvt. Ltd. Through this Memorandum of Agreement, the two parties agree to the following.

- (a) A steering committee will be set up to monitor the activities of the MoU. The committee will consist of the Mr. Gupreet Singh, Edgate Technologies and the Dr. Chetan Lal Dhamejari, Principal, and Mrs., Dhede Vaishali Mungesh, HoD, E & TC Deptt., Jaihind College of Engineering, Kuran With mutual consent, the steering committee can be expanded to include more members from the two institutions. The steering committee will be the supreme body as far the implementation of the activities of the MoU, the continuation of the MoU, and termination of the MoU are concerned.
- (b) Lab Setup: The College will set up a lab which will be entitled "Texas Instruments Analog System Design Lab" at its premises. Edgate Technologies agrees to donate ASLK PRO-6 NO. development kits based on TI Platform to the college. The College will be responsible for purchasing any other equipment required for setting up the lab and for the maintenance of the lab. Edgate Technologies agrees to set up the lab and provide the necessary initial training and learning materials to begin the instruction.
- (c) Curriculum: The College will introduce a lab-based course using Texas Instruments ALSK PRO in their undergraduate engineering curriculum. The college will also explore other ways to introduce ALSK PRO in their curriculum.
- (d) Faculty Development Program: Jaihind College of Engineering, Kuran will organize at least one faculty development program in its premise for its faculty members and faculty members of other Indian engineering institutions to teach ALSK PRO. The College will provide the infrastructure facility for conducting the faculty development program. Edgate Technologies will help the college in conducting this program.

- (e) Workshops/Events: If the College wishes to organize a national event in the area of ASLK PRO, Edagate Technologies will provide speakers.
- (f) Training Programs: Edagate Technologies will assist the college in organizing training programs/tutorials on topics related to ASLK PRO. Faculty members from the college who have undergone train-the-trainer program and who are certified by Edagate Technologies as trainers may run paid Edagate Technologies certified training programs. Edagate Technologies will provide certificates for the participants of such programs.

### 1. PREAMBLE

In the Engineering Education a collaborative effort between industry and academic institutions has become the key to success. This is possible only by the continuous collaboration and exchange of knowledge amongst industries and academic institutions for the ultimate welfare of the society. Education is the noble cause of building up nation. In order to improve the quality of education, the educational institutes must endeavour to establish rapport, identify areas of co-operation, and enter into MOUs with neighbouring institutions and industries on viable collaborative/ consultancy projects with specific time-frames and well-defined parameters of output. The collaboration could be in the areas of exchange of latest technological trends and ideas, credit transfer, joint projects of students and faculty, joint publications, joint sponsored projects from funding agencies, joint faculty and staff development programs, joint consultancy projects with a sound revenue sharing model etc.

### 2. PURPOSE

The aim of this MoU is primarily to establish a written document under which both organizations may enter into further specific agreements to perform collaborative programs in the areas of mutual interests.

### **3. AREAS OF COLLABORATION**

- i. To conduct training programs of 'hands-on' experience to the faculty and students of the JCOE, Kuran, Pune.
- ii. To organize exchange of knowhow between faculties of the college and the engineers/managers working in the industry.
- iii. To provide in-plant training to the students with mutual consent..
- iv. To share the resources of JCOE, Kuran, Pune and Pinto Electronics for activities of mutual interest.
- v. To train the students to enhance their employability by conducting training programs to bridge the gap between academics and industry.
- vi. To provide consultancy to the industry by undertaking projects to solve technical problems.

### **4. AGREEMENT OF COLLABORATIVE PROGRAMMES**

- a) Each such collaboration undertaken by the JCOE, Kuran, Pune and Pinto Electronics shall describe in detail as following:
  - i. The nature, scope and the time of collaborative schedule in form as pursuant to clause No. 3 above.
  - ii. Any other provision as deemed to be necessary and mutually agreed upon.
- b) To prepare and finalize a concrete action plan and schedule for collaboration on priority as agreed upon.

### **5. NODAL AUTHORITY**

The Nodal authority from Pinto Electronics shall be the Proprietor , Pinto Electronics or his nominee and the Nodal authority from JCOE, Kuran, Pune shall be the Principal, JCOE, Kuran, Pune. or his nominee for decision making and concurrence on matters of mutual interest under this MoU.
