INDUSTRIAL VISIT REPORT

Industry Name: Alkem Laboratories Limited. Daman & Diu, 396210.

Date of Visit: 7th February 2026

Organized by: Jaihind College of Pharmacy, Vadgaon Sahani Tal. Junnar Dist. Pune

On behalf of Jaihind Comprehensive Educational Institute's **Jaihind College of Pharmacy**, Vadgaon Sahani, Tal. Junnar Dist. Pune Maharashtra-412401 organized a grand educational industrial visit to India's leading multinational pharmaceutical company **Alkem Laboratories Limited**, Plot No. 167/2, Mahatma Gandhi, Udyog Nagar, Nani Daman, Dadra and Nagar Haveli, Daman & Diu, 396210. On 7th February 2026. On behalf of Jaihind College of Pharmacy, Vadgaon Sahani to provide hands-on industrial experience to the students along with book knowledge and broaden their professional, research outlook and to enhance the intellectual capacity of the students. Total 45 final year Pharmacy students visited this company.

Alkem Laboratories Ltd. is an internationally renowned pharmaceutical company founded in 1973 by Samprada Singh and Basudev Singh and headquartered in Mumbai Maharashtra. In India Alkem Laboratories Ltd. has a total of 3 USFDA approved plants. All the products here are exported to more than 100 countries including America, Europe, Japan, for which all these drugs are certified through very tough tests and the company is recognized by international standards like WHO-GMP, USFDA, MHRA.

This industrial visit was organized by under the guidance of President Jitendra Gunjal, Secretary Vijay Gunjal, Director Dr. Shubhangi Gunjal and Special Executive Officer Dr. D. S. Galhe and was successfully conducted under the able leadership of Principal Dr. Tejas Pachpute. On this occasion, Mr. Sandeep Suryavanshi (HR Head) guided the students about the changing technology in the pharmaceutical industry, the importance of research and various career opportunities. During this industrial visit, Mr. Vishal Kushwaha (Technical Training Center Manager) at Alkem Laboratories Ltd., explained the entire process of drug manufacturing to the students in detail, including the manufacturing process, Quality Control (QC), safety regulations, advanced machine materials, and world-class Good Manufacturing Practices (GMP). Students got more information about the working method of various departments by asking questions. This made the visit more interactive and enlightening.

On this occasion, the principal of the college, Dr. Tejas Pachpute, while appreciating this initiative, said, "Such activities that directly connect the students with the industry are very important for improving the educational quality of the institution. In the future, such educational industrial visits will be organized continuously for the overall development of the students." Due to such an industrial visit, the students get practical knowledge of the actual industry procedures,
